ative Everis A. Hayes, of California, sixty acres of land in Georgetown, lying west of the grounds of the Georgetown University, for \$100,006. This tract was received a short time ago in part payment for the Naples apartment house, which Mr. Pickford sold to Charles H. Cragin and the Osborne heirs, the land being appraised in the trade at \$85,000. It is understood that Representative Hayes and others associated with him will enter upon the immediate improvement of the tract. It is expected that Congress will authorize the opening of P and Q streets through the property. This, it is thought, will open up the tract to building purposes and start the advance of the city.
